

THURSDAY 04. 06. 2026

12:00-14:00	Registrations		
14:00-14:10	Welcome and Opening		B. Malojcic, S. Kalanj
	Stroke topics I	Chairs:	V. Vukovic Cvetkovic, J. Valdueza
14:10-14:30	Neurovascular causes of headache		V. Vukovic Cvetkovic
14:30-14:50	Posterior cerebral artery - open or not - why you should (for once) believe the radiologist on this question		J. Valdueza
14:50-15:10	Another SAH from a blister aneurysm - dilemmas and pitfalls in treatment		Z. Poljakovic
15:10-15:30	Stroke in athletes: etiology, diagnosis and prevention		D. Bonifacic
15:30-15:50	Screening for early atherosclerosis		B. Malojcic
15:50-16:10	Stroke POCUS: a novel paradigm in Stroke Management		C. Baracchini
16:10-16:30	Neurosonology for personalized acute stroke management after thrombectomy		N. Nasr
16:30-16:50	Carotid webs - Surgery for asymptomatic patients with huge thrombus?		A. Lovrencic Huzjan
16:50-17:30	Coffee break		
17:30-19:00	Get ready for the WON International Certification Exam - Lecutres +Hands On	Chairs:	C. Baracchini, B. Malojcic
	How to do ultrasound in less operator depending way?		M. Mijajlovic, A. Pavlovic,
	Ultrasound system knobology		A. Lovrencic Huzjan, B. Malojcic, S. Schreiber, J. Valdueza
	Protocol of extracranial duplex scanning		
	Parehnchimal ultrasound examination		
20:00	Dinner		

FRIDAY 05. 06. 2026

	Get ready for the WON International Certification Exam	Chairs:	W. Mess, A. Lovrencic
09:00-09:20	What does the Doppler waveform tell us?		W. Mess
09:20-09:40	TCD basic principles of insonation		A. Lovrencic Huzjan
09:40-10:00	TCD bubble test		J. Pretnar Oblak
10:00-11:30	Get ready for the WON International Certification Exam - Hands On		
	PFO detection		B. Malojcic
	MES detection - interactive workshop		W. Mess
	Non-vascular US applications	Chairs:	M. Mijajlovic, N. Carraro
11:30-11:45	Transcranial sonography in neuromuscular diseases		M. Mijajlovic
11:45-12:00	Pupil Ultrasound: Imaging the Invisible		C. Baracchini
	Case reports		
12:00-12:15	Is it a web?		K. Gelo
12:15-12:30	Recurrent ipsilateral stroke - a diagnostic dilemma		K. Radoš
12:30-13:30	Lunch		
	Stroke topics II	Chairs:	J. Sargento Freitas, Z. Poljakovic

13:30-13:50	Diagnosis of vascular malformations	S. Schreiber
14:00-14:20	Using VR and MES to manage stroke patients	P. Castro
14:20-14:40	Clinical Significance of the Carotid Stump	J. Pretnar Oblak
14:40-15:00	Complex relationship between stroke and epilepsy	M. Mijajlovic
15:00-15:20	Carotid artery dissection: clinical and instrumental prognostic determinants	P. Caruso
15:20-15:40	Unusual complications after endovascular treatment - two case reports and one discussion	A. Bazina
15:40-16:00	Stroke Risk in Pregnancy: Common Etiologies and Pathophysiological Mechanisms	A. Pavlovic
	Get ready for the WON International Certification Exam - Hands On	
16:30-18:30	TCD scanning protocol TCCD vascular examination principles and interpretation TCD monitoring Peripheral nerves	Z. Garami, C. Baracchini, J. Valdueza, J. Pretnar Oblak, A. Pavlovic, P. Caruso, P. Castro, S. Schreiber, J. Sargento Freitas, N. Nasr
20:00	Dinner	

SATURDAY 06. 06. 2026

	Ultrasound in the ICU and stroke units	Chairs:	S. Schreiber, D. Bonifacic
09:00-09:20	Repeated MT in recurrent LVO stroke: a worthwhile strategy?		M. Budisic
09:20-09:40	Intraarterial eptifibatid - rescue treatment in a young patient		I. Peric
09:40-10:00	The vanishing ruptured aneurysm		K. Starcevic
10:00-10:20	Ultrasound in post-stroke rehabilitation		J. Sargento Freitas
	WON International Certification: Different applications	Chairs:	J. Pretnar Oblak, A. Pavlovic
11:30-11:45	Carotid and vertebral morphological anomalies: ultrasound features and clinical implications		A. Pavlovic
11:45-12:00	Orbital ultrasound		S. Schreiber
12:00-12:15	Usefulness of pupliar and neuro-orbital examination in stroke patients		P. Castro
12:15-12:30	Transcranial duplex sonography beyond the usual protocol		J. Valdueza
12:30-12:45	Carotid Doppler for vascular neurologists: from flow patterns to stroke risk		I. Dobrila Turnsek
13:00-14:00	Lunch		
14:00-15:30	Get ready for the WON International Certification Exam - Hands On Difficult cases Optic nerve sheath diameter US examination of the pupil US of temporal arteries		N. Carraro, C. Baracchini, V. Vukovic Cvetkovic, J. Pretnar Oblak, N. Nasr, B. Malojic
15:30-16:00	Closing
